

# Andover Town Council

To **consider** a request to install a Bus Shelter.

Item  
No.  
**15**

**Produced for:** Full Council

**By:** Town Clerk.

**Date of Report:** 11 October 2023

## Background:

A member of the public has written in with the following request:

*Please could you advise if you are able to help with a request or point us in the right direction. My 80-year-old father has just moved to Andover and is reliant on the public transport and uses the bus routes daily. Since moving to Andover, he has found standing at the bus stops a challenge in the colder wetter weather and if possible, would like to request some bus shelters are erected along the routes. The Harewood Farm bus stop along London Road. I am sure this would also benefit all the school children I see standing at the bus stops in the morning. This may seem a small request however I am sure it will be a welcomed one.*

## Proposal:

- A. To investigate the owner of other Bus Shelters in Andover, and to refer the enquiry to that organisation.
- B. To approve Officers to investigate following to bring back to next Council meeting:
  - a. Purchase Cost.
  - b. Insurance Cost.
  - c. Landowner permission

## Recommendations:

Officer recommends that **Option A** is carried out, and only to follow Option B if no owners of the current bus shelters can be found.
