

Andover Town Council

To **agree** the process for closing the site to vehicles for the duration of the Water Supply works.

Item No. **8**

Produced for: Allotments Committee

By: Town Clerk.

Date of Report: 18 October 2023

Background:

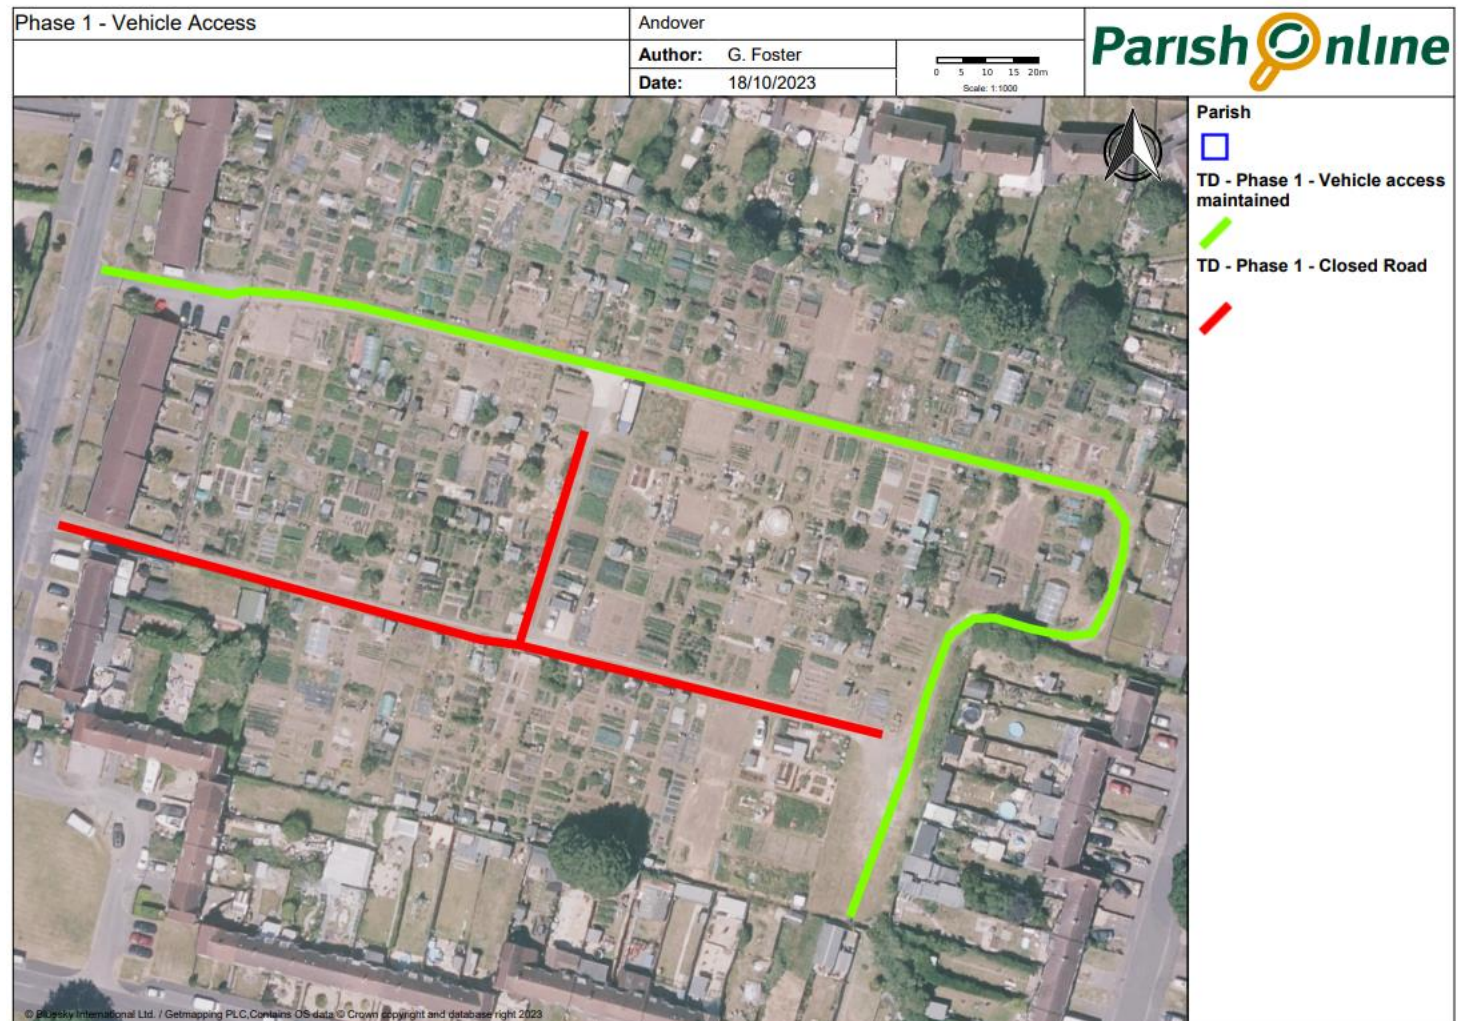

The Water Supply Pipes are being replaced across the entire Allotment Site. This will involve digging up the current track that cars use to access plots.

The works will be done in two halves so that some vehicular access can be maintained during the works.

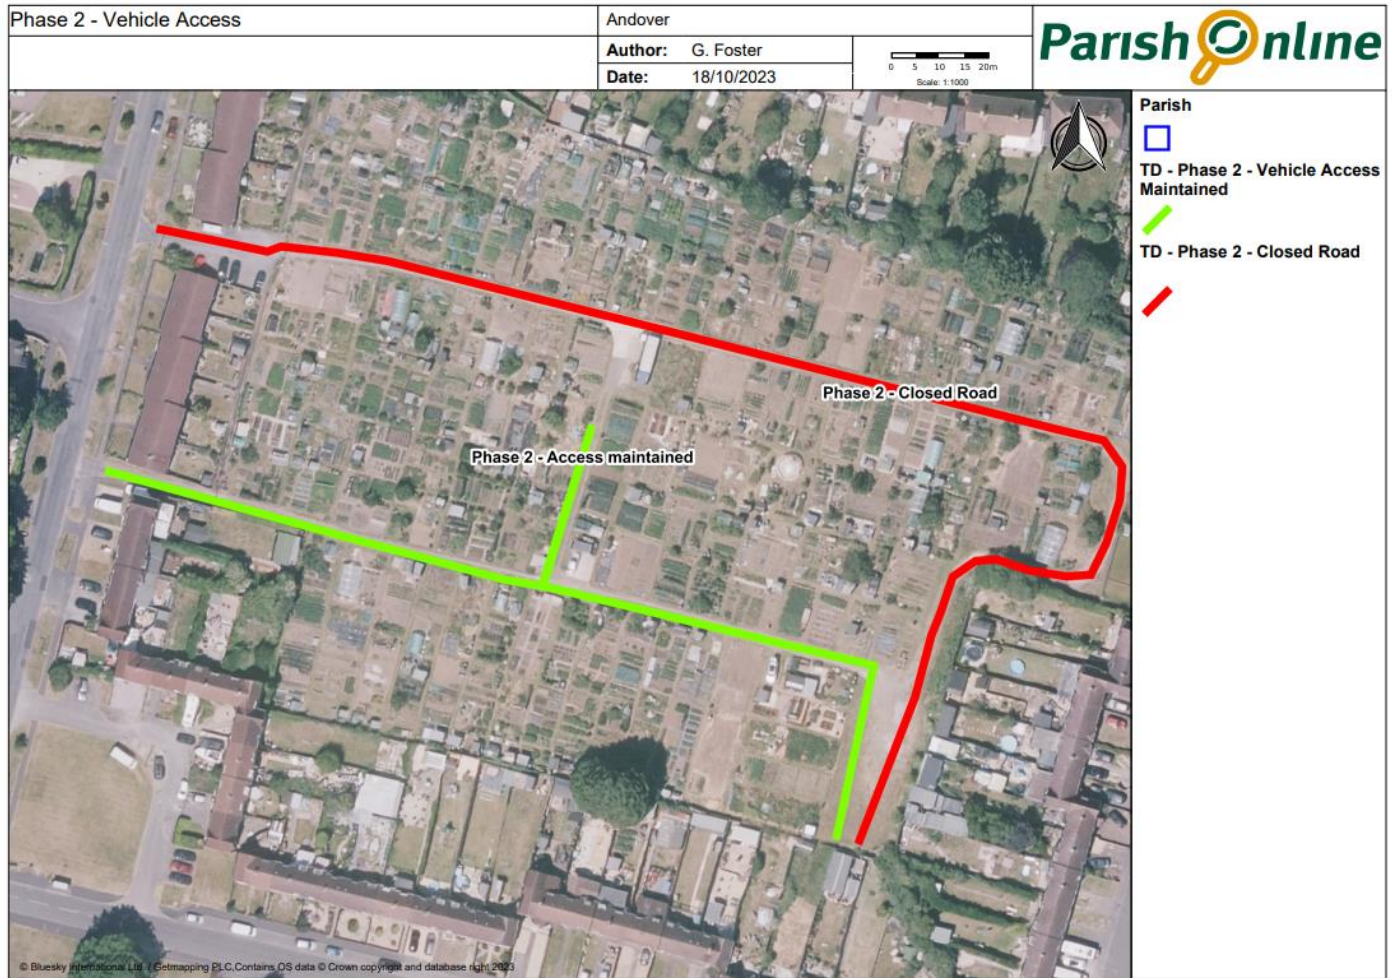

Proposal:

To close the site in two halves so that some vehicular access can be maintained, and that works traffic can still enter/exit the premises.

Phase 1

Phase 2

Communications to Tenants:

To be handled jointly by ATC Officers and The Drove Association.

Recommendations:

To **approve** the plans and to delegate that communication between Council and Tenants to be handled jointly by ATC Officers and The Drove Association who will oversee the works, insurance, Risk Assessments and Safety Equipment required.
