

# Andover Town Council

To receive and note an update on the Christmas Lights 2024

Item  
No.  
**14**

**Produced for:** Full Council

**By:** Deputy Town Clerk

**Date of Report:** 15 Apr 2024

## Background:

In the Full Council meeting in January 2024, Full Council approved appointing Blanchere to continue supplying the Christmas Lights Provision after viewing three anonymous quotes. Full Council also approved the full Christmas Lights extension proposal (C 195/01/24).

In the Full Council meeting in February 2024, Full Council approved the motif design for the Christmas Light provision 2024-2028. (C 220/02/24) Council instructed Officers to carry out the work required to make this happen.

## Update:

1. In February 2024 a full structural survey was instructed on all the columns involved in the Christmas Lights provision, including the new extension. This was completed on the 22 and 23 April and a report will be sent by the 26 April 2024.
2. Enerveo have agreed, subject to the structural survey, that all the proposed columns can take a commando socket and subsequent temporary festive lighting.
3. A quote to install commando sockets on all the relevant columns will be requested once the structural survey report is received.
4. Once the quote is approved, Enerveo will be instructed to install commando sockets on the relevant columns.
5. Once the structural survey is received the Deputy Town Clerk, will start applying for the licenses to hang the Christmas Lights.
