

# Andover Town Council

To note an update on the installation of Christmas Lights and Tree.

Item  
No.

Community and Events Committee

Date of Report: 8 November 2024

## Background:

On the nights of 6/7<sup>th</sup> November 2024 the new Christmas Lights provision was installed. Thanks go to Cllrs Reynolds, Farren, Cockaday, Hardstaff and Neate for coming and supporting/overseeing the install, particularly Cllr Reynolds and Farren who did the long night shifts.

The new lights along Western Avenue, in George and Black Swan Yard look spectacular and the Christmas tree is particularly fantastic this year.

Notification of any additional noise pollution was put on our Facebook page/website, and the tree was delivered earlier than usual at 7pm to avoid any disruption to residents on the High Street.

The Christmas Lights switch on will be on the 22<sup>nd</sup> November at 7pm. If any Councillor would like to volunteer to help on the night, please let the Acting Town Clerk know as soon as possible.
