10	MOTIONS FROM TOWN COUNCILLORS
	<p><u>Motion on Energy Price Cap</u></p> <p>Proposed by: Cllr Jason Sangster Seconded by: Cllr Luigi Gregori</p> <p>This Council Notes:</p> <p>Households in Great Britain face a leap in energy bills from October after the regulator raised the energy price cap, taking the average gas and electricity bill to £3,549 a year. Ofgem approved the £1,578 increase on the current figure of £1,971 for the average dual-fuel tariff – a rise of 80%. The cap will be almost treble what it was a year earlier last October, when it was raised to £1,277.</p> <p>The Government has suspended the pension 'triple lock' for the period 2022/3, meaning that pensioners will see an increase of 3.1% this year (instead of 8.3% under the triple lock formula). This year, this will cost a Test Valley pensioner on the full new state pension an average of £487, and a pensioner on the full basic state pension an average of £373 (Gov.uk).</p>

BoilerJuice, which is the UK's number one heating oil provider underlined the fact that the price of heating oil has risen from 45p per litre to 91p between Aug 2021 to Aug 2022. A 2000 litre tank of heating oil will now cost a family in our rural community, £920 more than this time last year.

The British Beer & Pub Association has stated that on average hospitality business faces a 300% rise in its energy bills. A small business that spent £3000 on energy earlier this year will now spend £9000.

This Council therefore moves to declare a 'Cost of Living Emergency' in Andover and write to our local MP calling on him to put pressure on the Government to:

- Reduce the standard rate of VAT from 20% to 17.5% for one year, saving the average household a further £600 this year.

- Ensure the government honours its commitment to reinstating the pensions triple lock to support Andover pensioners.

- Implement an energy price cap on heating oil, where this currently disproportionately affects rural families.

- Put in place an energy price cap for energy bills of Andover businesses, where they currently face uncapped energy bills.

Motion on Insulating Homes of Lower Income Residents

Proposed by: Cllr Robin Hughes

Seconded by: Cllr Luigi Gregori

This Council moves, in an attempt to both ease the cost pressures for our lowest income residents and in a step to helping our residents lower their impact on the environment, that it will:

1. Call upon the Secretary of State, Department for Business, Energy & Industrial Strategy, to do more to support low-income households by dramatically improving the Local Authority Delivery Scheme, by doubling the funds available to the lowest income households, and expanding the threshold of household income to £50,000 p.a.

2. Call upon Test Valley Borough Council to build on their current good work in this area by:

- Urgently investigating the availability of other schemes which have already benefited the residents of other councils in the Hampshire area

- Communicating with our residents as to what options and opportunities are available for improving their homes' heating and energy efficiencies.

	-Immediately seeking to assist our lowest income families with financial support packages aimed at insulating their homes.

C081/08/22	POLICY AND RESOURCES – TERMS OF REFERENCE
	Members considered the amended Policy and Resources Committee Terms of Reference. A Member asked what changes had been made by the Policy and Resources Committee due to him not being a member of that committee. The Proper Officer clarified that the Terms of Reference had been brought in line with Standing Orders and Financial Regulations, to ensure that the Committee was following what it should be doing with regards to both of those documents. The only other changes that had been made were in relation to the provision of support for Staffing and making sure that the Policy and Resources Committee works with the HR Staffing Sub-Committee, which would ensure that support. It was proposed by Councillor R Hughes and seconded by Councillor R Meyer that the amended Policy and Resources Committee Terms of Reference be accepted and approved. A vote was taken: FOR – 10, AGAINST – 0, ABSTENTIONS – 1 RESOLVED: That the amended Policy and Resources Committee Terms of Reference be accepted and approved.
C082/08/22	TEMPORARY PROPER OFFICER (TOWN CLERK) AND RESPONSIBLE FINANCIAL OFFICER
	Members noted the report on the provision of a temporary Proper Officer (Town Clerk) and Responsible Financial Officer.

It was felt that due to the number of recommendations within the report, each one would be discussed separately.

Committee Meeting Schedule:

It was proposed by Councillor D Coole and seconded by Councillor R Meyer that the revised Committee Meeting schedule be approved.

Members went into debate.

Concerns were raised that if the Committee meetings were reduced, in particular the Allotment Committee, the Town Council would fail to meet its statutory duties. The Allotment Committee would need to continue with its current schedule of meetings due to the changes in payment schedule and rental increases, fencing, gate repairs and any issues that arise.

A point was made that Committees with devolved responsibilities, no decisions could be made without the presence of a qualified Clerk. Therefore, decisions made regarding their devolved responsibilities to spend money, would not be correct.

The Deputy Clerk suggested an Allotment meeting be added into the revised schedule for 21 September 2022, in place of 5 October 2022, for discussions on changes with payment terms and rental increases. A further suggestion was made that the Allotment Budgets could also be discussed in the meeting of 21 September 2022, with the potential addition of a further Allotment Committee meeting down the line.

It was proposed by Councillor N Long and seconded by Councillor L Gregori that an Allotment Committee meeting be added into the revised meeting schedule for the 21 September 2022, in place of the schedule meeting on 5 October 2022.

A vote was taken which was unanimous.

RESOLVED: That an Allotment Committee meeting be added into the revised meeting schedule for the 21 September 2022, in place of the schedule meeting on 5 October 2022.

Members returned to vote on the substantive motion, with the revised Allotment meeting dates.

A vote was taken which was:

FOR - 10, AGAINST - 1, ABSTENTIONS - 0

RESOLVED: That the reduced meeting schedule with the revised Allotment Committee meeting date of 21 September 2022, be approved.

Staff Resources:

A procedural motion was proposed by Councillor N Long and seconded by Councillor R Rowles that the Council moved straight to a vote.

A vote was taken:

FOR - 7, AGAINST - 4, ABSTENTIONS - 0

RESOLVED: That Council moved straight to a vote.

It was proposed by Councillor L Gregori and seconded by Councillor R Rowles that Solution 2 be accepted and approved.

A vote was taken:

FOR - 6, AGAINST - 3, ABSTENTIONS - 2

	<p>Members noted that by the approval of Solution number 2, it had been agreed that the temporary responsibilities and duties of the Proper Officer would be transferred to the Deputy Clerk for an agreed temporary period starting on 12 September 2022 (to be reviewed in January 2023). The responsibility of the Town Council's financial affairs will be transferred to the temporary RFO position.</p> <p>The Proper Officer interjected with an updated response received from SLCC, which included an offer of support to the Town Council for the recruitment process, with a comprehensive breakdown of the assistance that could be provided. Members were reminded they had previously agreed a budget of £2,000.00 to do that process. In total SLCC proposed the cost to be a total of £2,190.00. £190.00 more than the original proposal. Members were asked to bear in mind that the Town Council had not received any other offers of support for the recruitment process.</p> <p>It was felt that the offer should be accepted and the additional £190.00 be taken from Operational Reserves, which would enable the progress of the recruitment process to be made.</p> <p>The Town Mayor clarified the last 3 recommendations that required discussion and the extra point raised regarding the £190.00 virement.</p> <p>It was proposed by Councillor R Rowles and seconded by Councillor S Waue that in line with our adopted solution number 2, the Council agrees the Deputy Clerk's expected contracted hours, the remuneration thereof and the contract will be amended to reflect our decision.</p> <p>A vote was taken which was unanimous</p> <p>RESOLVED: That in line with our adopted solution number 2, the Council agrees the Deputy Clerk's expected contracted hours, the remuneration thereof and the contract will be amended to reflect our decision.</p> <p>It was proposed by Councillor D Coole and seconded by Councillor R Meyer that:</p> <ul style="list-style-type: none"> • Council agrees to review the temporary staffing solution in January 2023. • All affected contracts must be redrawn, agreed with the staff members and signed to reflect Council's decision. • A virement of £190.00 be taken from Operational Reserves to enable the engagement of SLCC for the recruitment process. <p>A vote was taken which was unanimous.</p> <p>RESOLVED: That:</p> <ul style="list-style-type: none"> • Council agrees to review the temporary staffing solution in January 2023. • All affected contracts must be redrawn, agreed with the staff members and signed to reflect Council's decision. • A virement of £190.00 be taken from Operational Reserves to enable the engagement of SLCC for the recruitment process.

Staffing solution 2 was also agreed:

Following the decision at a previous Council Meeting, a candidate has been found with sufficient experience to temporarily take on the Responsible Financial Officers role.

The current Deputy Clerk could then, temporarily, step up to cover the Proper Officers role.

The temporary RFO and Deputy Clerk **MUST** be remunerated for the increased responsibility and hours of work **MUST** be confirmed.

It **MUST** be noted that the current Deputy Clerk whilst covering the Proper Officers role will continue to fulfil the Deputy Clerks role.

It **MUST** also be noted that the current Deputy Clerk whilst cover the Proper Officers role and the Deputy Clerk role will also need to carry out much of the Committee/GDPR Officers role as well – therefore working three roles.

A Locum Clerk to be found for help with Council and Committee meetings.

As of the 12 September delegated authority has been passed to the Deputy Clerk as interim Proper and to the interim RFO for finance responsibility.

It was agreed that the Council accept help from the SLCC to administer the recruitment process at a cost of £2190.

After December 2022:

At the Full Council meeting in January 2023, the situation regarding the Recruitment of a new PO and RFO and Committee/GDPR Officer MUST be re-evaluated, the solution agreed is not tenable for any length of time, neither for the efficient running of the Council or for the staff involved.

Present:

On 5 September 2022, two members of the panel, with the Deputy Clerk in attendance, met with the SLCC representative to review the proposed recruitment pack and agree next steps.

The SLCC representative is unavailable until 26 September therefore upon their return, if recommendations are agreed by Full Council, the recruitment will begin.

Each recommendation is explained below:

1 Confirm delegated power to panel, to recruit and appoint new Proper Officer, for ratification at Full Council.

The Council to approve giving delegated authority to the Panel to carry out the recruitment process, interview candidates and make the final choice of the candidate, issue job offer and bring to the next Full Council for ratification.

The advice and guidance from the SLCC representative is to follow this suggestion because if Extraordinary Council Meetings have to be called in order to approve the panels decisions at each stage, there is a chance that Andover Town Council will lose out on candidates that need to make quick decisions in relation to their current roles.

2 Confirm recruitment budget of £5,000 (to include SLCC costs, advertisement etc)

Council has already approved the cost of £2190 for the services of the SLCC. Further recruitment costs will be incurred, and it is proposed that Council agree a budget of £5000 (to include SLCC costs) to cover these recruitment costs. In addition to the £190 to be vired from Operational Reserves for the services of SLCC, it is recommended that a further £2810 be vired from Operational Reserves for this purpose.

3 Confirm that any candidate MUST have CiLCA to be considered for the post.

Andover Town Council currently has the Power of Competence as a CiLCA qualified Town Clerk was in post. If the successful candidate does not have the CiLCA qualification by May 2023 Andover Town Council will lose the Power of Competence. If a candidate is employed on the understanding that they will achieve the

qualification by May 2023, they will need to do this, in less than 6 months whilst learning a complicated and complex new role which requires an experienced Town Clerk.

4. Decide if a relocation package of £4,000 will be offered for a candidate who has to move in order to be within 30 mins of the office

The advice of the SLCC representative is that a relocation package is offered IF the successful candidate needs and agrees to move within 30 mins of the office, on the understanding that the successful candidate will commit to a minimum of 2 years in the role. The recommendation is £4,000.

5. Decide if an informal meeting of all candidates and all Councillors will be offered to candidates and Council (potential cost of hotel rooms for candidates), to happen the night before the formal interviews.

The advice of the SLCC representative is that this works well to allow ALL members of the Full Council the opportunity to meet the potential candidates in an informal setting the night before the formal interviews. Members need to note that this will add significant cost to the recruitment process, potentially overnight accommodation for candidates, hire of a venue, beverages, catering, staff to administer the event. An indicative cost would be £1000, however, if the recruitment process falls over the festive period the costs could increase.

6. Decide if candidates will be offered Local Government Pension Scheme rather than NEST.

All current staff are only offered the NEST pension provision as approved by Full Council in 2015 because the costs were considerably less to employees and employer, although the returns are not as beneficial.

The Local Government Pension Scheme (LGPS) carries considerably more cost to both the Town Council and the employee. If Council are minded to offer this pension package to the new Town Clerk, it will need to be costed, added to the payroll budget and offered to the other employees.

The SLCC representative feels that if this is not offered it could limit applicants.

Legal and Policy Implications

The 1972 Local Government Act and other legislation entrust a number of responsibilities and duties to the 'proper officer' (Town Clerk) The Town Council must have a 'proper officer' in order to continue to function. In addition, Section 151 of the 1972 Local Government Act also requires a local council to ensure that one of its officers has overall responsibility for the administration of its financial affairs.

Under Section 112 (2), LGA 1972 the Clerk holds office on such reasonable terms and conditions, including conditions as to remuneration, as the council thinks fit.

The appointment of the Town Clerk is made by resolution of the local council.

Recommendations

- Confirm delegated power to panel, to recruit and appoint new Proper Officer, for ratification at Full Council.
- Confirm recruitment budget of £5,000 (to include SLCC costs, advertisement etc) with the additional money to be vired from Operational Reserves (as above).
- Confirm whether or not candidates MUST have the CiLCA qualification to be considered for the post.
- Decide if a relocation package of £4,000 will be offered for any candidate who has to move in order to be within 30 mins of the office on the understanding that the successful candidate will commit to two years in role.

- Decide if an informal meeting of all candidates and all Councillors will be offered to candidates and Council (potential cost of hotel rooms for candidates), to happen the night before the formal interviews.

1. Policy Statement

- 1.1. Andover Town Council (ATC) recognises that, in addition to its statutory duties, it has a responsibility to manage risks effectively in order to protect the community, its employees and assets against potential losses and ensure clarity of action. Risk management is an integral part of the Council's management process.

- 1.2. ATC is aware that some risks can never be eliminated fully, and it has in place a strategy that provides a structured, systematic and focused approach to managing risk.

2. Introduction

2.1. This document forms the Council's Risk Management Strategy. It sets out:

- a. What risk management is
- b. Why ATC needs a risk management strategy
- c. The benefits of risk management
- d. Roles and responsibilities of members, staff and others;
- e. How the strategy will be implemented

2.2 The objectives of this strategy are to:

- a. Identify risks
- b. Put in controls to minimise risk
- c. Integrate risk management into the culture of the council
- d. Embed risk management through the ownership and management of risk as part of all decision-making processes
- e. Further develop risk management and raise its profile across the council
- f. Manage risk in accordance with best practice
- g. Consider and respond to changing social, environmental and legislative requirements

2.3 These objectives will be achieved by:

- a. Establishing clear roles and responsibilities and awareness, including use of training as appropriate
- b. Incorporating risk management considerations into the Council's management process – for instance, in considering new projects

3. What is Risk Management?

3.1. 'Risk is the threat that an event or action will adversely affect an organisation's ability to achieve its objectives and to successfully execute its strategies. Risk management is the process by which risks are identified, evaluated and controlled. It is a key element of the framework of governance together with community focus,

structures and processes, standards of conduct and service delivery arrangements¹. Audit Commission, *Worth the Risk: Improving Risk Management in Local Government*, (2001:5).

3.2. Risk management is an essential feature of good governance. An organisation that manages risk well, is more likely to achieve its objectives. It is vital to recognise that risk management is not simply about health and safety but applies to all aspects of the Council's work.

3.3 Risks can be classified into various types but it is important to recognise that for all categories, the direct financial losses may have less impact than the indirect costs, such as disruption of normal working. The examples below are not the only examples:

- a. **Strategic Risk** – long-term adverse impacts from poor decision making, poor implementation, inadequate resourcing or failure to respond to change. Failure to address risk can result in damage to the reputation of the Council, loss of public confidence, or in a worst case scenario, stimulate Government intervention.
- b. **Compliance Risk** – failure to comply with legislation, laid down procedures or the lack of documentation to prove compliance. This risks exposure to prosecution, judicial review, employment tribunals and/or the inability to enforce contracts.
- c. **Financial Risk** – fraud and corruption, waste, excess demand for services, bad debts. This presents risk of additional audit investigations, objection to accounts, reduced service delivery, dramatically increased Council Tax levels/impact on Council reserves.
- d. **Operating Risk** – failure to deliver services effectively, malfunctioning equipment, hazards to service users, the general public or staff, damage to property. Presenting risk of insurance claims, higher insurance premiums, lengthy recovery process.

3.4 Not all these risks are insurable and for some, the premiums may not be cost effective. Even where insurance is available, a monetary consideration might not be an adequate recompense. The emphasis should always be on eliminating or reducing risk before costly steps to transfer risk to another party are considered.

3.5 Risk is not restricted to potential threats but can arise from missed opportunities. Good risk management can facilitate proactive, rather than merely defensive responses. Measures to manage adverse risks are likely to help with managing positive ones.

4. Why does ATC need a Risk Management Strategy?

- 4.1. Risk management will strengthen the ability of the Council to achieve its objectives and enhance the value of services provided.
- 4.2. The Risk Management Strategy will help to ensure that all committees/service areas understand risk and that the Council adopts a uniform approach to identifying and

prioritising risks. This should, in turn, lead to conscious choices as to the most appropriate method of dealing with each risk, be it elimination, reduction, transfer or acceptance.

- 4.3. Strategic risk management is also an important element in demonstrating continuous service improvement.
- 4.4. There is a requirement under successive Accounts and Audit Regulation to establish and maintain a systematic strategy, framework and proves for managing risk.

5. Benefits of Risk Management

- 5.1. Risk management is regarded as an essential element of good governance and as an integral part of internal control. It provides the foundation for effective management throughout the Council and focuses attention on the achievement of corporate objectives together with a consistent and structured approach to risk. Managing risk in this way delivers many other benefits to the Council as set out below:
 - a. The process provides a fully documented record of all major risks and opportunities
 - b. The risk of failure of any initiative is reduced and, due to advance consideration of risk, fewer opportunities will be missed. There is also greater innovation in seizing opportunities.
 - c. Staff can communicate their prioritised risks to members, therefore enabling focus on those risks and properly evaluated risk decisions. There is also an enhanced ability to justify actions taken.
 - d. The Council can anticipate emerging issues in an ongoing and organised manner before they reach unmanageable proportions.
 - e. To be effective, risk management requires input and ideas from all staff and members. This creates a culture of risk ownership.
 - f. Embedded risk management satisfies Corporate Governance requirements.
 - g. The Council's reputation is protected and enhanced.
 - h. The Council should receive fewer complaints and will have a more satisfied community as a result.
 - i. Income can be maximised and expenditure reduced.

6. Responsibilities

- 6.1. Andover Town Council recognises that it has a responsibility to manage risks effectively in order to protect its employees, assets, liabilities and community against

potential losses, to minimise uncertainty in achieving its goals and objectives and to maximise its opportunities.

6.2. The Town Council is aware that some risks can never be eliminated fully, and its strategy provides a structured, systematic and focussed approach to managing risk.

6.3. This policy places a responsibility on all Members and Officers to have regard for risk in carrying out their duties. Its purpose is to enable the Council to manage its risks through anticipation and control.

6.4. Risk management is only considered to be truly embedded when it functions as part of the Council's day to day operations. For this to be achieved, it is vital that clarity exists to determine the various roles and responsibilities of individuals involved throughout the Council in the risk management process.

6.5 To ensure that this level of clarity exists, the Council has established a structure that sets out how Members, Officers and the various Committees and other stakeholders contribute to the overall risk management process.

- 12.2 To assist with the development and review of a Risk Management Strategy, Policy Statement and framework
- 12.3 To support the Town Council in developing and implementing risk management
- 12.4 To provide independent assurance on the way risks are managed.

13. Implementing the Strategy

13.1 Risk Control:

Risk Control is the process of taking action to minimise the likelihood of the risk event occurring and/or reducing the severity of the consequences should it occur. Typically, risk control requires the identification and implementation of revised operating procedures but in exceptional cases more drastic action will be required to reduce the risk to an acceptable level. Options for control include:

- a. Elimination – the circumstances from which the risk arises are removed so that the risk no longer exists
- b. Reduction – loss control measures are implemented to reduce the impact/likelihood of the risk occurring
- c. Transfer – the financial impact is passed to others e.g. by revising contractual terms
- d. Sharing – the risk is shared with another party

- e. Insuring – insurance against some or all of the risk to mitigate financial impact; and
- f. Acceptance – documenting a conscious decision after assessment of areas where the Council accepts or tolerates risk.

13.2 Risk Monitoring:

The risk management process does not finish with putting any risk control procedures in place. Their effectiveness in controlling risk must be monitored and reviewed. It is also important to assess whether the nature of any risk has changed over time. The information generated from applying the risk management process will help to ensure that risks can be avoided or minimised in the future. It will also inform judgements on the nature and extent of insurance cover and the balance to be reached between self-insurance and external protection.

13.3 Risk Management System Risk Identification:

Identifying and understanding the hazards and risks facing the Town Council is crucial if informed decisions are to be made about policies or delivery methods. The risks associated with these decisions can then be effectively managed. Risk Analysis – Once risks have been identified they need to be systematically and accurately assessed using proven techniques. Analysis should make full use of any available data on the potential frequency of events and their consequences. If a risk is seen to be unacceptable, then steps need to be taken to control or respond to the risk. Risk Prioritisation – An assessment should be undertaken of a) the impact and b) the likelihood of risks occurring, with impact and likelihood being scored using a matrix. This will require a numeric value to be given to both the likelihood of the risk happening and the severity of the impact if it did, based upon the following aggregate scoring:

Low = 1 to 5

Medium = 6 to 11

High = 12 to 25

Where a residual risk is low, further action will only be taken where it is viable to do so. Medium risks will be addressed within the next 3 to 6 months. High risks will require action as soon as possible.

14. Conclusion

The adoption of a sound risk management approach should achieve many benefits for the Town Council. It will assist in demonstrating that the Town Council is committed to continuous service improvement and effective corporate governance.

Processes

In line with best practice, the Town Council has adopted a seven-step process to support the implementation of risk management and help maintain impetus.

	Steps	
1	Identifying Risk	Risks will be identified during the service delivery planning process and cross-referenced where possible, to key tasks and to the achievement of corporate objectives.
2	Analysing Risk	Risks will be assessed against probability and impact of the identified risks using the Council's approved evaluation criteria to give a risk score
3	Profiling Risk	The evaluation exercise will result in a risk score from which significant risks can be established.
4	Prioritising action	Risks will be entered in the risk register detailing the inherent risk score, existing controls and residual risk score.
5	Determining action	Further actions required to reduce the threat of the risk occurring or minimise its impact will be stated in the risk register. Target dates and assignment of responsibility will also be stated.
6	Controlling risk	The specified actions will be carried out as stated in the risk register.
7	Monitoring	The Policy & Resources Committee will keep the risk register under review and progress against further actions identified will be monitored quarterly. The register will be updated as actions are achieved and risk scores amended as appropriate. The identification of risks should be a continual process and risks emerging throughout the year should be evaluated and, where necessary, added to the register.
