Subject: SPD Public Consultation

Dear Sir/Madam

Draft Infrastructure and Developer Contributions Supplementary Planning Document – Public Consultation

The Council is undertaking public consultation on its updated draft Infrastructure and Developer Contributions Supplementary Planning Document (SPD). Consultation will commence on Friday 4th November 2022 for a period of 6 weeks ending 12noon Friday 16th December 2022.

The purpose of the SPD is to set out the Council's approach to using planning obligations for local residents, developers and the wider community; explain the circumstances under which the Council will collect Section 106 contributions to mitigate the impacts of a development on infrastructure; set out the standard required for some types of infrastructure; and provide applicants with greater certainty on when planning obligations will be sought.

We are seeking your views on the draft SPD document.

You can view the document on the Council's website at <http://www.testvalley.gov.uk>. If you require a hard copy of the document please contact the Planning Policy Team.

A hard copy of the document is available for public inspection at the following Council offices between the hours of 08.30 and 17.00 Monday to Thursday and 16.30 on Friday:

- Beech Hurst, Weyhill Road, ANDOVER, Hampshire SP10 3AJ, and
- Former Magistrates Court, Church Street, ROMSEY, Hampshire, SO51 8AQ

A hard copy is also available for public inspection at local libraries during library opening times. This includes libraries at Andover, Romsey, North Baddesley, Chandler's Ford and Lordshill.

How to Comment: You can respond by sending comments in writing via email or post. Please see contact details below:

Dear Sir/Madam,

PROPOSED BASE STATION INSTALLATION UPGRADE AT CORNERSTONE 13139223, WESTERN AVENUE SW, WESTERN AVENUE, LAND ADJ FOLLY ROUNDABOUT, ANDOVER, HAMPSHIRE, SP10 3PX, NGR: E: 436004 N: 146066.

Cornerstone is the UK's leading mobile infrastructure services company. We acquire, manage, and own over 20,000 sites and are committed to enabling best in class mobile connectivity for over half of all the country's mobile customers. We oversee works on behalf of telecommunications providers and wherever possible aim to:

- promote shared infrastructure
- maximise opportunities to consolidate the number of base stations
- significantly reduce the environmental impact of network development

Cornerstone are in the process of progressing suitable sites in the Andover area to improve service provision and have identified this site as suitable for an equipment upgrade for Cornerstone.

The purpose of this letter is to consult with you and seek your views on our proposal before proceeding with the works. We understand that you are not always able to provide site specific comments, however, Cornerstone are committed to consultation with communities on our mobile telecommunications proposals and as such would encourage you to respond.

As part of Cornerstones network improvement program, there is a specific requirement for a radio base station upgrade at this location to provide improved technical provisions, greater capacity and coverage in the area.

Mobiles can only work with a network of base stations in place where people want to use their mobile phones or other wireless devices. Without base stations, the mobile phones, and other devices we rely on simply won't work.

Please find below the details of the proposed site: -

Our technical network requirement is as follows:

- Cornerstone 13139223 (Cornerstone) at Western Avenue SW.
- There is a specific requirement for a radio base station upgrade at this location to provide improved technical provisions, greater capacity and coverage in the area.

A number of options have been assessed in respect of the site search process and we consider the best solution is as follows:

- Western Avenue SW, Western Avenue, Land Adj Folly Roundabout, Andover, Hampshire, SP10 3PX, NGR: E: 436004 N: 146066.
- Proposed upgrade: Existing 17.5M High Hutchinson Jupiter Dual Stack Monopole to be removed and replaced with proposed 20.0m Heavy A12RV2 Apollo Pole to be installed on new T9 root foundation. Proposed 6No. Antennas, 1No 300Ømm Dish, 1No. GPS Module and 1No. Cabinet c/w sidepod to be installed. Existing Cabinets to be refreshed internally and associated ancillary works. For full details please refer to the enclosed drawings.

The Local Planning Authority mast register and our records of other potential sites have already been reviewed, the policies in the Development Plan have been taken into account and the planning history of the site has been examined.

All Cornerstone installations are designed to be fully compliant with the public exposure guidelines established by the International Commission on Non-Ionizing Radiation Protection (ICNIRP). These guidelines have the support of UK Government, the European Union and they also have the formal backing of the World Health Organisation. A certificate of ICNIRP compliance will be included within the planning submission.

We look forward to receiving any comments you may have on the proposal within 14 days of the date of this letter.

Should you have any queries regarding this matter, please do not hesitate to contact me (quoting cell number Cornerstone 13139223).

Yours faithfully,

Shell Kelly

Subject: Hampshire Minerals and Waste Plan Partial Update - Draft Plan Consultation 8 November 2022 to 31 January 2023

Dear Sir/Madam,

Hampshire County Council and its partner Authorities, Southampton City Council, Portsmouth City Council, New Forest National Park Authority and South Downs National Park Authority – are working to produce a partial update to the Hampshire Minerals and Waste Plan up until 2040.

The partial update to the Plan will build upon the currently adopted Hampshire Minerals and Waste Plan (2013), with an updated evidence base on how much minerals the area needs and how much waste it produces, now and up to 2040. Strategic sites are proposed to help meet the need for mineral and waste infrastructure, as well as updated policies on how and where this infrastructure should be delivered. The vision and the policies have also been updated in line with changes to national and local policy, in particular the increased importance of addressing climate change.

The Hampshire Authorities will be inviting comments from consultees and communities on the Draft Plan. The Draft Plan Consultation will begin on **8 November 2022** and will run for 12 weeks, until **31 January 2023**.

Please visit our website for further information where you can view the consultation documents and supporting evidence and respond to the consultation with any comments you may wish to make:

<https://www.hants.gov.uk/minerals-waste-update>

This includes details of all consultation events that have been organised near proposed sites which you may wish to attend. Local events will start from 10 November, so please check details to ensure you are able to attend your chosen event.

Comments can be submitted via our website <https://www.hants.gov.uk/minerals-waste-update>, via email to hmwp.consult@hants.gov.uk or by post to Minerals and Waste Planning Policy, EII Court West, 1st Floor, The Castle, Winchester, Hampshire, SO23 8UD.

Should you have any queries or require any documents in an alternative format, please do not hesitate to contact a member of the Minerals and Waste Planning Policy team via 01962 846746 or hmwp.consult@hants.gov.uk.

Yours faithfully,
