Members requested confirmation of the date of the Augusta Park L2 Development Public Consultation with Taylor Wimpey. An email was sent to Members on 21 April 2022 which confirmed the date as 4 May 2022, between 14.00hrs and 19.00hrs.

No other questions were presented in the meeting.

## **PC 231/04/22 Works Programme**

Members noted the Committee Work Programme.

The following items were requested to be added:

- Consultation – Special Engineering Difficulty Designation
- Augusta Park L2 Development Public Consultation update.

## **PC 232/04/22 Date of Next Meeting**

Members noted the date of the next meeting: **Monday 9 May 2022, at The Lights, Andover, starting at 6.00pm.**

**The meeting closed at 6.32pm.**

CHAIRMAN .....

DATE .....

## ANDOVER TOWN COUNCIL – PLANNING COMMITTEE AGENDA

9 May 2022

### MEMBERS' INFORMATION LIST

15/04/2021 (List No. 15)

#### **NORTHERN AREA PLANNING APPLICATIONS APPROVED/WITHDRAWN**

PARISH/WARD	APPLIC NO.	REGISTERED	PROPOSAL AND LOCATION	DECISION	DECISION DATE
ANDOVER TOWN (DOWNLANDS)	22/00283/FULLN	16.02.2022	Conversion of integral garage, installation of window to front elevation - 6 Hartack Close, Andover, Hampshire	PERMISSION subject to conditions & notes	13.04.2022

#### **NORTHERN AREA PLANNING APPLICATIONS REFUSED**

PARISH/WARD	APPLIC NO.	REGISTERED	PROPOSAL AND LOCATION	DECISION	DECISION DATE	REASONS
-------------	------------	------------	-----------------------	----------	---------------	---------

ANDOVER TOWN (HARROWAY)	22/00038/ADV N	13.01.2022	Display of 1 internally illuminated external pylon sign - 27 Hopkinson Way, Portway Business Park, Andover	REFUSE	12.04.2022	See below.
-------------------------	----------------	------------	--	--------	------------	------------

01. The combination of the large mass of the proposed advertisement, together with its prominent location forwards of the building line, and its illumination, within the restrained commercial character of the surrounding business park, in the context of advertisements of a much simpler design and smaller mass, results in an advertisement which is overly prominent and does not complement the general characteristics of the locality, and would therefore have a negative impact on the appearance of the built and natural environment, contrary to Part 2(a) of Regulation 3 of the Town and Country Planning (Control of Advertisements) (England) Regulations 2007 and without due regard to paragraph 136 of the NPPF.

Note to applicant:

In reaching this decision Test Valley Borough Council (TVBC) has had regard to the National Planning Policy Framework and takes a positive and proactive approach to development proposals focused on solutions. TVBC work with applicants and their agents in a positive and proactive manner offering a pre-application advice service and updating applicants/agents of issues that may arise in dealing with the application and where possible suggesting solutions.

#### **NORTHERN AREA TREE/HEDGEROW APPLICATIONS APPROVED/WITHDRAWN**

PARISH/WARD	APPLIC NO.	REGISTERED	PROPOSAL AND LOCATION	DECISION	DECISION DATE
ANDOVER TOWN (WINTON)	22/00599/TPON	09.03.2022	Pruning back of Lime tree 1 metre from power cables, and pruning back of Ash tree 1 metre from power cables and crown raising to 5.5 metres -	CONSENT subject to conditions and notes	13.04.2022

			84 Winchester Road, Andover, Hampshire

# Appendix C: Consultation – Special Engineering Difficulty Designation

C

**From:** Ackerman, Ian <ian.ackerman@hants.gov.uk>

**Sent:** 08 April 2022 15:15

**To:** nationalhighwaysstedconsultation@geoplace.co.uk <nationalhighwaysstedconsultation@geoplace.co.uk>; Streetworks <streetworks@hants.gov.uk>

**Subject:** National Highways Statutory Consultation - Special Engineering Difficulty Designation

## **Statutory Consultation - Special Engineering Difficulty Designation**

National Highways (the agency responsible for the motorways and trunk roads) has commissioned a project to capture all the bridges and structures which interact with the local authority road network that they are responsible for maintaining. The purpose of this is to facilitate collaboration and coordination between local authorities, National Highways and utilities when works are taking place in and around those structures as prescribed in the New Roads and Street Works Act (NRSWA) (1991).

Whenever a utility company or highway authority (or any other body) is working in a street, work must be carried out with due care. Among other things, consideration needs to be given to the safety of

- road users, the operatives on site and the general public
- any adjacent property
- the infrastructure of the street itself including any associated structures
- any apparatus carried under or over the street

A street can be given a formal designation of **Special Engineering Difficulty\*** and the criteria for designation of a street or structure as SED points to the risk of very serious consequences if damaged. By way of example, that could be the collapse of a structure or major loss of supply of utility services; that would have a direct effect on many people from the collapse or loss of supply, but there would also be significant delays to road users while the problem is sorted out and repairs completed.

\*Further information about Special Engineering Difficulties can be found in the following advice note released by the Highway Authorities & Utility Committee (HAUC) (UK): [http://static.hauc-uk.org.uk/downloads/Advice Note No 2009-07.pdf](http://static.hauc-uk.org.uk/downloads/Advice%20Note%20No%202009-07.pdf)

In real terms a designation of Special Engineering Difficulty is highly unlikely to impact residents, businesses or general road users. This designation is to alert any works promoter that there is a structure eg bridge, tunnel, culvert that may require additional precautions or provisions prior to carrying out any works and should prompt the works promoter to contact the asset owner prior to commencing works. The use of the street by day to day highway users will not change or be affected by this consultation, the structures are existing structures and the features of the street remain unchanged.

As prescribed in legislation across England and Wales, the designation of a street with Special Engineering Difficulty is subject to a formal 30 day consultation. Your organisation is a statutory consultee. Please see the attached supporting consultation documentation which includes an interactive pdf with a map-based schedule of Hampshire detailing:

- a. the location of bridges and structures that will be subject to the designation highway authority area
- b. streets that will be designated as having Special Engineering Difficulties

The consultation is due to complete on 11 May 2022. Pending the outcome of this formal consultation, the streets that have been identified in the attached documentation would be given a formal designation of Special Engineering Difficulty on 2 June 2022.

If you have any comments, concerns, or objections, to the proposed designations, please register these by the 11 May 2022 via email to [nationalhighwaysdedconsultation@geoplace.co.uk](mailto:nationalhighwaysdedconsultation@geoplace.co.uk) and a copy to [streetworks@hants.gov.uk](mailto:streetworks@hants.gov.uk)

Kind Regards,

**Ian Ackerman**
