Dear Colleague,

Public consultation on proposed changes to supported passenger transport services and the Concessionary Travel Scheme

Hampshire County Council (HCC) is consulting on proposed changes to the above services. The consultation runs from **Monday 30 May** until **Sunday 24 July 2022** and seeks views on the proposed approach, the impacts that may arise as a result and invites any alternative suggestions. **We would appreciate your input, as well as your support in promoting this through your own communication channels to your members or communities to make them aware of their opportunity to comment.**

The proposals seek to continue to deliver effective services, within a reduced budget, and help make around £800,000 p.a savings by April 2023, by:

- making operational changes to supported passenger transport services e.g., supported bus services, Dial-a-Ride, Call & Go and Taxi shares
- removing some enhancements to the Concessionary Travel Scheme; and
- increasing the contributions users pay for some services

There are no specific routes/services selected for reductions or changes. The County Council will review data relating to passenger journeys, the cost of providing particular journeys or services, and passenger and stakeholder feedback gathered through the consultation, in order to identify where resources could be used more effectively and where services could be adjusted with minimal impact on service users.

Feedback will inform recommendations to the Executive Lead Member for Transport and Environment Strategy for decisions to be made in November 2022.

Subject: Invitation to comment on Hampshire County Council's draft Catchment Management Plans

Dear All,

I am pleased to report that the public consultation for the updated Hampshire draft Catchment Management Plans has now gone live on the Hampshire County Council consultation website.

The County Council published its updated Local Flood and Water Management Strategy in 2020. Following on from the Local Flood and Water Management Strategy and its recommendations, Hampshire County Council has produced draft Catchment Management Plans for the 18 river catchments in Hampshire. These plans provide an assessment of flood risk from a range of flooding sources and has been used to identify 66 Priority Areas across Hampshire where specified actions and stricter policies could be applied.

The webpage has been set up to allow our partners and residents of Hampshire to review the Catchment Management Plans and their supporting documents. If you are interested in commenting, please respond to the survey to let us know what you think of Hampshire's proposed methods of managing water and flood risk across the County.

Please visit the consultation webpage <https://www.hants.gov.uk/aboutthecouncil/haveyoursay/consultations/catchment-management-plans>

The Catchment Management Plans will be open for consultation until **21st July 2022.**

If you have any further questions or queries, please do not hesitate to contact me.

Kind Regards
