(HARROWAY)	land for mixed uses including local community use (F2), care/nursing home (C2), and/or commercial, business and service uses (E), and associated infrastructure (all matters reserved except access)
------------	--

Objection:		
- Concerns regarding the capacity and adequacy of existing services, facilities and infrastructure in Andover to accommodate the proposed development, particularly given that some are already considered to be operating beyond capacity. - No sufficient information or confirmation from Southern Water regarding water supply capacity to support the proposed development. - Concerns regarding the impact on heritage assets and the surrounding landscape, including the potential effect of the development on the character and setting of the area. - Insufficient biodiversity information submitted to properly assess the ecological impacts of the proposed development. - Potential threat to protected or notable bird species and their habitats as a result of the development. - Need for appropriate archaeological investigation and mitigation, including suitable planning conditions to address potential archaeological impacts. - Power supply: Test Valley Borough Council (TVBC) should ensure that there is adequate power supply and capacity to serve the proposed development. - Parking: Concerns regarding the allocation of and inadequacy of parking provision, in relation to TVBC's parking provision requirements. - Highways: Further information is required from Hampshire Highways regarding the development's impact on the Strategic Road Network. - Habitats Regulations Assessment: Concern that the Test Valley Borough Council Habitats Regulations Assessment has not been actioned/completed, and that the implications for protected sites therefore remain insufficiently addressed. - Lack of information regarding conservation and enhancement for biodiversity. - Agree with the Environment Agency's condition being set regarding potential land contamination/water pollution associated with the site, requiring appropriate investigation and assessment before development proceeds. - Agree with the Archaeological Management Plan (AMP) conditions being set.
